97 Registered Teams (26 Open Men, Open Women & Senior Mix and 19 Masters Teams) from 26 reputable corporate companies and statutory organizations participate in the 2008 season. That is *Corporate Touch Port Moresby's (CTPM)* pride, being one of the most affiliated sporting organizations in the nation's capital and the country. Touch football is everyone's game, and at CTPM players as young as 12 up to 60 year olds of both genders participate. Down from the grassroots level up to employees and their spouses and dependents, make touch football a social sport participated by everyone from all sectors of life. Games are played from 6pm-10pm every Tuesday, Wednesday and Thursday nights at the Port Moresby Rugby League ground. What a relief from the day's chores! CTPM promotes healthy populace; especially the workforce by facilitating the touch footy sport as an incentive to engage them in physical activities. The **Industry of Origin (IOO)** tournament series spreads over a six-week period starting 13 April 2008 with the first clash between the Mighty Blues & Great White Collar teams. The best from each division will be selected to represent CTPM at the National Capital District provincial touch championship to play against Central Touch, NCD Port Moresby and Sabama Touch associations teams to select the players & officials for TEAM NCD. The Team NCD will then take part in the August National Provincial Championship later this year. Only Affiliated Association of *Touch Football PNG (TFPNG)* like CTPM will participate. Therefore, we seek generous corporate sponsors for the 2008CTPM season and IOO naming rights. Help us help promote and develop the code of Touch Football in POM and Papua New Guinea.
