1. Players Code of Conduct

- Play by the rules – the rules of our club and the laws of the game.
- Never argue with an umpire or other official – without these people, you cannot play football.
- Control your temper – verbal abuse of officials and sledging other players doesn't help you enjoy or win any games.
- Be a team player – it's a team game, treat it that way.
- Treat all players as you would like to be treated – fairly.
- Co-operate with your coach, the umpires and team-mates.
- Play for your own enjoyment and to improve your skills.
- Don't use ugly remarks based on race, religion, gender or ability – you will let down your coach, team-mates and family if you do and many such comments are actually now illegal.
- Physical abuse or verbal abuse of club participants, other clubs supporters or officials is not acceptable behaviour and could be subject to Section 7 of the constitution.
- **Players under the age of 18 will not be served alcohol at any time during the season including any function or after game awards. This is non negotiable.**

2. Ringwood Football Club Liquor Licence

Please Note:-

The clubs licence allows alcohol to be served between the following hours:-

4. Insurance Cover Details

Please read the following and seek guidance if any part is unclear:-

The EFL player insurance policy **does not cover** players for any **medical** costs incurred as a result of an injury.

The club recommends that each and every player has their own ambulance and private medical cover for hospital as a minimum requirement.

If you are injured and seeking to make a claim for any items covered by the insurance policy (Physio/loss of income) **you must see Ian Barnes in the first instance.**

Please note that all claims must be lodged within 30 days of the injury being sustained.

Do not wait for medical accounts before forwarding a claim.

Medical Procedures and Rehabilitation

If you are injured during a game or training you must report to the medical room on the day to seek advice on the most appropriate treatment for the injury or for direction to the appropriate treatment venue.

Please note the club has preferred medical providers and support services so seek out the information from the trainer.

What the club does not want is for you to be treated incorrectly.

It is very important that you manage your injury and note that the Club has both the facilities and support to guide you through the rehabilitation stage.

All injured players must attend training and report in the first instance to the senior coach or his assistant for direction to the medical room.

Chiropractic treatment and rehabilitation will be coordinated by the medical staff.

Players are not to present to the medical room unless they have a clearance from the coaching and medical staff.
