## Successful Grant Application

Look at our new terrace tables. MAFC would like to thank the support of Shayne Sutton and the Suburban Initiative Scheme (BCC). The tables are a great new addition to our club and are a lot more comfortable to sit on than the old wooden ones.

## Get into the Game - Get Started

Morningside Junior AFC has registered for the State Governments 'Get into the Game - Get Started' programme.

Get Started assists children and young people who can least afford or may otherwise benefit from joining a sport or recreation club. Eligible children and young people are provided with a voucher of up to \$150 to help pay for club membership and participation fees. The vouchers can be redeemed at a sport or recreation club.

It is simple: Just read the instructions on the below site and register.

Junior president, Jason Spencer "said that this scheme is a reminder that not all children can play club sports due to their family situations. This programme will allow children to participate in a club sport which will very beneficial to them as it allows them be in a team, play club sports and to form lifelong friendships. We encourage all families to come and talk to us no matter what their situation, as we just want children to participate in team sports."

We have already received a number of applications for junior and youth team coaches. These applications will be looked at by the football committee in the coming weeks and discussions will be held after Christmas. Of course though we are always looking for new coaching staff and would welcome any applications. Not many people in our club know the pedigree of our coaches so below are our Age Group Coaches playing/coaching CV's.'

'There is so much happening around the club at the moment with the new changes rooms and coaches/time box work now complete, club sponsors being announced, new terrace tables and the junior re-registrations being open online, 2013 is shaping to be a very existing year at Morningside and more exciting things are still in planning' Jason said.

#### ***Philosophy on Coaching for 2013***

I see my role as a teacher of the game of AFL Football. As this is the first year of full rules with premiership points, there will be an emphasis on team work and positional play to enable the boys to learn the game and to enjoy the role that winning has in team sport. I also understand that enjoyment is also an important component of playing sport and this will be an underlying theme throughout the year.

All players will be given the opportunity to develop their skills and fitness at the highest level they can achieve. I also encourage any parents with some time to give to come and be a part of the team.

### ***Philosophy on Coaching for 2013***

- I will be providing our boys with an introduction to stepping up to senior football.
- They will have a clear view on expectations the club requires from them to be a part of the under 16 group. We will be endeavoring to coach the boys to play a modern style of football and to accept and thrive on the responsibilities that will be given to them in regard to effort and participation.

I see my role as getting the boys prepared for senior football at Morningside. In saying that, I am well aware that some boys will not be looking for this as their goal. Fortunately, we will be in the position of being able to cater for all players, as we will have 2 teams entered for 2013.

My focus will be on improving ALL players within our squad, whether it is developing skill, game sense, work ethic and general life skills.

As always, assistance is always welcomed so please come forward and make you known to the coaching group, it would very much appreciated.

## Ministers Visit to MAFC

As part of the launch of the Queensland Government's Get in the Game initiative supports sport and recreation at the grassroots level at MAFC for all local sporting clubs, Sports Minister Steve Dickson MP and Aaron Dillaway MP, Member for Bulimba called in early to inspect firsthand the progress of our new change rooms.

During the inspection of our new change room facilities, the Minister stated that the space and quality of the fit out is some of the most impressive he has seen, comparing the quality to the Milton Tennis Centre.

The Minister spoke with enthusiasm about our desire to become financially self sufficient. He was impressed with our visions and goals and was even more impressed when we alluded to the fact we were not relying on poker machines as our primary income stream.

The Minister Steve Dickson said he would strongly support our initiatives and recommended we continue to work closely with Aaron Dillaway MP who will work equally hard to help us to achieve our goals.
