THIS CIRCULAR IS FOR THE ATTENTION OF CLUB SECRETARIES AND TREASURERS

We have concluded negotiations with WorkCover Queensland for personal accident insurance (for 14 years + members) for the season. WorkCover Queensland has provided SLSQ with the contract of insurance and premium for financial year 2012/2013.

The member levy fee will be \$23.63 (GST exclusive) per registered non-nipper member.

As discussed during previous years, a significant increase to the WorkCover premium has been expected for some time. Once again, Surf Life Saving Queensland has been able to negotiate a lower than anticipated premium with WorkCover hence the increase to the member levy has been kept to a minimum. Moving forward, Clubs should take into consideration that increasing premiums in the coming years are very likely, and should consider strategies to recoup increased premiums in the future.

It is expected that clubs will continue to take proactive steps to minimise workplace injuries in all aspects of their club operations.

Invoices are based on membership numbers registered for the 2011/12 season. These figures have been taken directly from the Surfmate membership database and are as recorded in the SLSQ Annual Report.

Regards,

JOHN BRENNAN OAM
Chief Executive Officer

Invoice has been distributed – 17.12.12.
