Get cash for your club with FIT Health Insurance!

One club has received over **\$10,000** funding with FIT in **2 months!**

"Working with FIT has been hassle-free and hugely beneficial for our club. Our players now have cover that allows them to maintain their condition and fitness, as FIT decreases out of pocket expenses for services such as physio. Thanks to the club funding scheme, we've been able to buy a new bowling machine and new strength training equipment for our club, which has really helped improve our player's performance.

It's not just the financial benefits either; being covered by FIT allows our injured players to get themselves back into match condition much faster. Ultimately, this is beneficial for the players and beneficial for the club."

Peter Jeffries

Geelong Cricket Club President

David Buttifant
FIT Ambassador

FIT is a new type of health cover designed for people into sport and fitness. Offering better benefits for things sports people are most likely to use, FIT also supports grassroots sports at both player and club level through various fundraising opportunities.

For the club

Clubs will earn \$2,250 for every ten combined cover memberships purchased with FIT (and every 10 thereafter). This can be any member of the community- player, friend or family, who nominates the club in their FIT application form. No limits apply!

For the players

Out of pocket expenses can be huge for players, but because FIT is tailored to sportspeople it provides better benefits for things a

sportsperson is most likely to use. In particular:

- higher benefits for knee arthroscopes, ankle, knee and shoulder reconstructions and for surgery to repair fractures to the collarbone, hand, wrist and finger;
- up to 90% back on physio, and 80% back on chiro, podiatry, sports psychology and massage expenses;
- FIT covers dental (including no gap dental check-ups up to annual limits) for the whole family and pays additional benefits for dental when a player's teeth are damaged while playing Club football.
