SPORTS STAR MOUTHGUARDS

"...and with most of the cost refunded by private health insurance it's probably the best investment I have ever made..."

"...a mouthguard is standard equipment for most professional sportpeople..."

"The latest thermoforming, pressure laminating techniques guarantee superior fit and comfort compared to generic boil and bite mouthguards"

" A mouthguard reduces the incidence of direct and indirect injury to the teeth. In addition, it will also protect the lips and cheeks from laceration against the teeth, absorb forces which might fracture the mandible (lower jaw) and reduce the incidence of brain and neck injury."
