## Carnival Manager Enhancements

### Carnival Manager Systems.

A number of updates to the Carnival Manager Systems have recently been implemented.

To access your version of the Carnival Manager System, head to the landing page at <http://carnival.sls.com.au> and select the appropriate system you wish to use. This means that any saved URL's in favourites, bookmarks and/or links have changed and may not work.

## Club Reports

Two new reports are now available (at Club Level) that enable clubs to obtain a list of results of their club competitors from each carnival. A **Final Club Results Report** and an **All Rounds Club Results Report**. To access these reports, select the carnival you wish to obtain results from, click on 'Reports' and select 'Final Club Results'. If you click on the words 'Final Club Results' your report will be produced in PDF format. Alternatively you can click the CSV Download link at the end of the Final Club Report description. The **All Rounds Club Results** report will give you results for all rounds/heats for every event in the carnival and the **Final Club Results Report** will give you results for only the Final round of each event in the carnival..

## Competitors Patrol Hour calculations

On the 31<sup>st</sup> December 2012 the carnival manager settings were updated to reflect the commencement of the new 'competition patrol hour season' for the 2012 calendar year. This did not affect the carnival manager functionality however to facilitate this change we did perform a 'force surfguard member list update' for all clubs Nationally. This change was not performed for the Northern Territory carnival manager system.

Once a Club has finalised proficiency and patrol hours entry for 2012 calendar year, Clubs should perform a "Force Update".

## Carnival Administrators

A range of further enhancements to the Carnival Manager System have been rolled out on January 23<sup>rd</sup> 2013 to all instances.

### Manual Event Name Display

When a manual event name is entered into the event list (to cater for event codes etc.) , the custom name will appear as entered without appending the event name to it.

A script has been run to automatically correct previously entered manual event names so that it displays both Class and Event.

An example is shown below:

Event ID:	130
Root event type:	2KM Beach Run
Event class:	Open Mens
Class Name displayed as:	<input type="text" value="233/ 2km Beach Run - Male"/>
Allow Exceptions (e.g. handlers, sweeps):	<input type="checkbox"/>
	<input type="button" value="Update Event"/>

## Reports

A number of changes to reports include:

- **Pro-forma invoice total** for a carnival available CSV and PDF -

**Aussies Masters 2013 (Event Date: 13/04/2013)**

**Pro-Forma Invoice Total for All Clubs**

- **Next Round Draw** option to include Team Names-

**Full Competitor List - Random Order**  
This randomised report employs measures to distribute entrants from each club. [Display PDF] [CSV Download]  
Please note that if an event contains 50% or more entrants from the same club, correct distribution will be impossible. This report will generate different output each time it is run.

**Next Rounds Draw - Random Order**  
This report uses results from the previous round to list entrants eligible for the next round, in random order.

Based on:

Event:  ☐ Include Team Member Names

Number of top members to include from each heat of previous round:  (e.g. entering "4" will select the top 4 from each heat of the previous round)

Next Round: ☐ Round Number:  ☐ OR ☐ Quarter-Final ☐ Semi-Final ☐ Grand Final

Number of heats in the next round:   
For a simple list with no heats please use the default value of 1.

**Carnival Program**  
This report displays a full copy in alphabetical order of all the clubs entries for this carnival. [CSV Download]

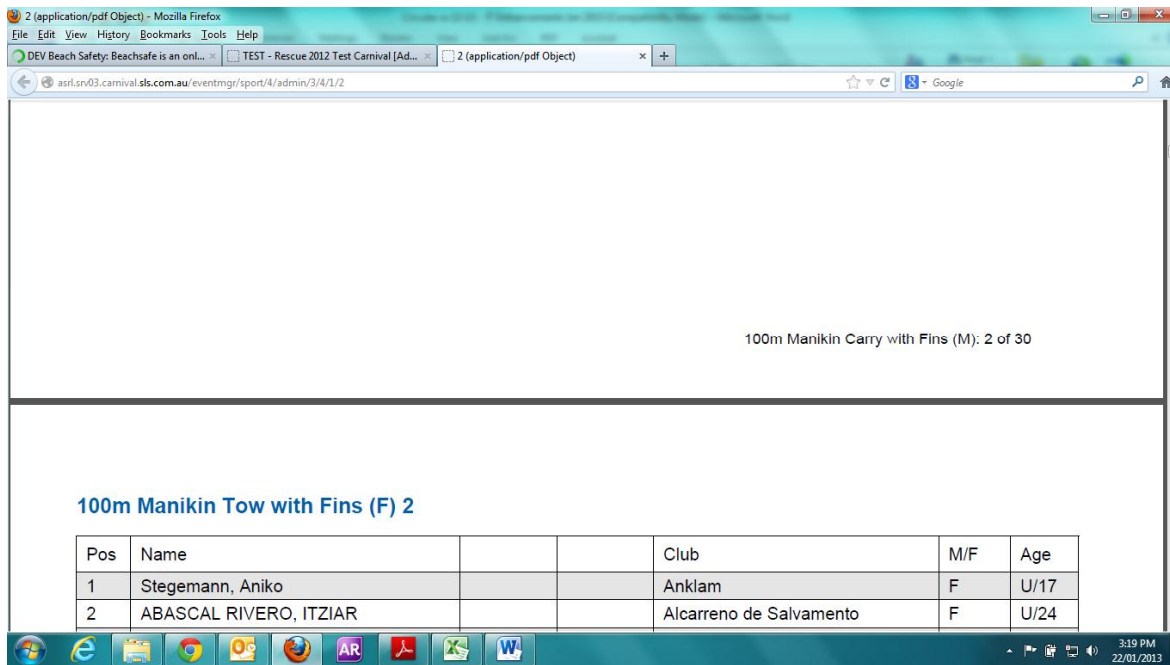

**Pro-Forma Invoice - Detailed by Competitors**  
Grouped by club, this report shows costs each club has incurred, broken down into individual competitors. [Display PDF] [CSV Download]

**Pro-Forma Invoice - Total**  
Grouped by club, this report shows total costs each club has incurred. [Display PDF] [CSV Download]

**Final Results Report**  
View entered results for the final round of carnival events. [CSV Download]

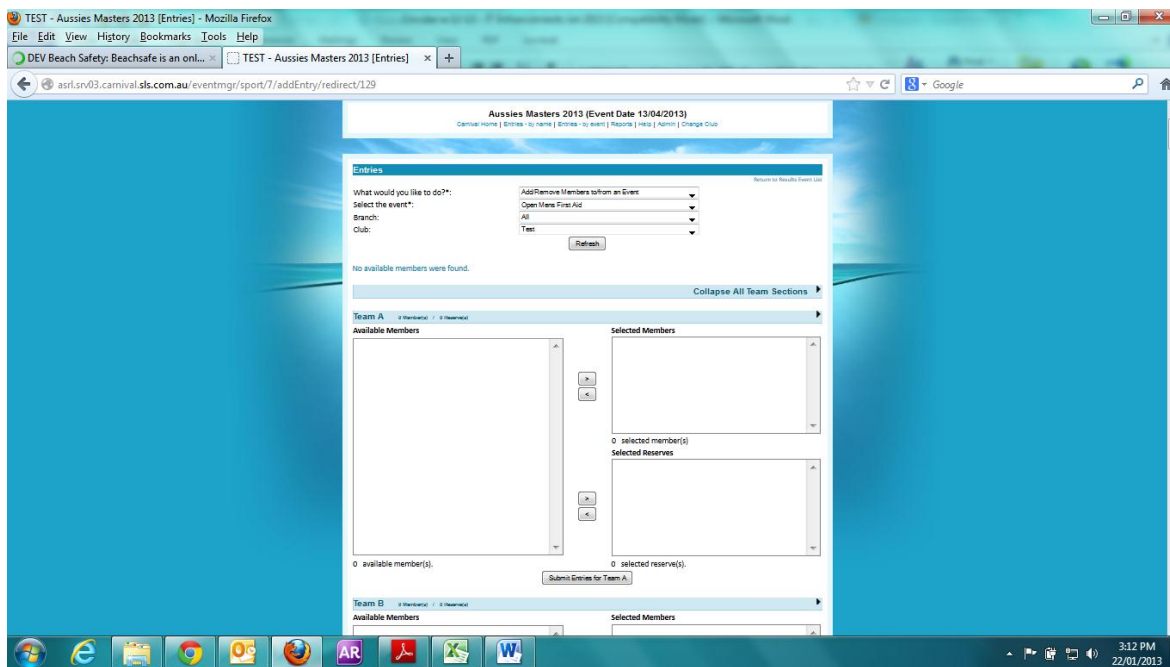

**Overall Rank and Points Report**  
All clubs listed with rank and total points for this carnival. [CSV Download]

- Automatic Footer will appear at the bottom of each page with the event name where it goes over more than one page
- Random Draw report and Next Round Draw both templates have two blank fields next to the names.

### **Entries by Event – Club and Administrator**

A significant change has been made to simplify the “Entries by Event” screen. Competitors for a Club (solo or team events) can be added or removed from the one screen.

Simply select the Event (and Club if an administrator) and select and move to the right to enter them. Move people to the left if you wish to remove a person.

Team Name changes from the default Team A etc. still need to be managed from the “Switch to Club” and Team Name area.
