Albany United & Little Kickers

Little Kickers have become part of the Albany United Football Family.

Albany United will be working alongside Little Kickers to develop and nurture football talent with a key focus on preschool children. This partnership will enable children to have a defined pathway into football and Little Kickers will be working closely with Albany's coaching teams to develop and grow the game locally.

Little Kickers sessions introduce football to children aged 18 months to 7 years. It is the largest provider of pre-school football sessions in the UK and has been successfully franchised out and now found in Canada, Australia, South Africa, Cyprus, Ireland and last year the brand was bought to New Zealand.
