

## Protocol & Process Guide for Nomination for the Award of: Honourary Life Membership of Football South Coast

### Life Membership

The sole and primary objective for awarding a Football South Coast Life Membership is;

***“to publicly recognize and honour the outstanding dedication, loyalty, service and/or contribution that an individual has made over a period of time or as a result of a significant milestone and/or achievement to (any of the streams of) Football in the Football South Coast Governing Region.”***

### Life Membership Categories

It is recognised that many individuals give countless hours of their time, unquestioned loyalty and a dedicated service to the game of Football without ever holding an official committee or other position at a club, or within the football association (current or previous) nor any of the football councils, but continue to provide services as loyal and critical & essential servants of our game of Football.

FSC acknowledge that without these wonderful and dedicated people, our beautiful global game of football cannot and could not have prospered and would not have provided that basic enjoyment to our community, of a simple game of football every week.

In recognition of these wonderful people, FSC has created 3-Categories of Life Membership – a Gold Life Membership, a Silver Life Membership & an Associations Foundation Life Membership - to ensure that all appropriate servants of the game are included, recognised and honoured in the most respectful manner.

With this in mind, the nomination for a FSC Life Membership must be in accordance with and in alignment to at least one of the following categories:
