

## Construction Progress

The construction of the new pavilion is coming along well with an aimed completion in December.

- The blockwork for the pavilion is complete.
- The electrical wiring has been installed & plumbing pipes in place.
- The roofing is on and the veranda is up and lined.
- The skylights are currently being installed and the lining of the ceiling has commenced.

The veranda during construction.

## Upcoming works

- Downpipes to be installed
- Painting
- Tiling
- Joinery

The lining under the veranda is complete.  
Concreting is to be done prior to completion.

The skylights are being installed and the lining of the ceiling has commenced.
