

MEMORANDUM

To: **State/Territory Community Development, Footyweb & Umpire Managers**

Cc: **Grant Williams, Simon Laughton**

From: **Tony Costanzo** Date: **6 June 2016**

Re: **New Footy Profile Login - View Stats, Update Communication Preferences & Contact Details anytime now!**

Purpose

The purpose of this memo is to provide information on an important new development on the www.play.afl website which will allow participants access to the following information from a central location for the first time:

1. View full match statistics for players (not applicable for umpires, coaches etc)
2. Update communication preferences
3. Update contact details

New Footy Profile Login

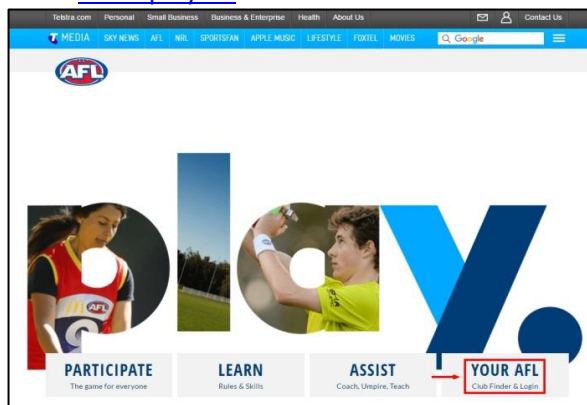

Participants are now able to easily view their full match statistics (players only in Community Football), update their communication preferences and potentially any new contact details all from a central location on the www.play.afl website.

For participants that are dual listed across multiple databases (ie Coach or Umpire in one database and a Player in another), you can now easily update your contact details centrally on the www.play.afl website and your new contact details will automatically update wherever the participant exists in Footyweb potentially across multiple databases (if applicable).

In order for participants to be able to login to their Footy Profile, their respective League/Association must be on the new Email Login system provided through the National Registration System.

Please see below some simple instructions on how to login to the new Footy Profile pages-

1. Go to www.play.afl and click on "Your AFL" on the front land page as below.

2. On the next page simply click on the “Login” button under “Footy Profile”.

3. Login using the email address and password that the player/parent set earlier this year upon registration. If they've forgotten their password, click on the “Forgot” link.

4. Choose the participant(s) linked to the Email Login that you would like to login and view.

5. The final page provides you the ability to update contact details, update communication preferences, view playing statistics, the history for that participant and all the transactions linked to that participant.

Can I ask that this Memo please be forwarded on down the line to ensure all our participants are aware of this important new development.

If anyone has any questions regarding the above, please contact me anytime.

Regards,
