

Most Valuable Player

The Most Valuable Player Awards for the Premier League are determined by a system in which each team's head coach allocates votes after each minor game of the season. After the completion of the minor rounds a list of the top 15 vote recipients is compiled, based on this voting system and sent to each team's head coach who then allocates 3-2-1 votes to players for this award from that list.

Year	Men	Club	Women	Club
